Council Creates Two New Assistant Posts; Pacelli Rejects One

Two new top positions to augment the execution of Daly City's government were created Monday night by the City Council.

Created were a full-time assistant director of finance, and a full-time planning consultant.

There was harmony and agreement on the creation of one of the new positions—an assistant to Joe Arch, director of finance, but something of a different story on the other one which called for a year-around professional planner. The vote here was 3-1. Councilman Frank Pacelli vigorously opposed hiring the planner on a permanent basis. Councilman Michael De Bernardi was absent. Vote on establishing the assistant finance post was unanimous. Both positions were adopted by resolution.

Both new positions will not be civil-service connected, and both will be appointed by City Manager Edward Frank.

Salary range for the planning technician will be from \$617 to \$716 a month, and from \$587 to \$682 a month for the assistant finance director.

Duties of the finance director's assistant will be to assist Arch, prepare finance budgets and aid in "tightening up some technical slack."

Frank strongly urged the council to support establishing the two new posts, because of steadily increasing services to the citizens and execution of a huge capital outlay program.

Frank told the council that he feels, with the filling of these two positions, "we will have reached the saturation point" in hiring appointive officers.

"We are the only city around here our size that does not have a planning technician to help it with its growth problems," he added that he did not anticipate Daly City's growth as one that would eventually dwindle, and that expansion problems will continue, and increased services will be required.

Duties of the planning consultant, as explained by Frank, will be to aid in planning with other departments on all projects, check designs, and do much of the detail work now being done by City Engineer William Chapman.

"We're planning one-half million dollars worth of capital outlay work this year," Frank said. "Our city engineer does not have the time to simply cover all phases of such an extensive amount of planned work."

Mayor Robert B. St. Clair, Councilmen Edward Dennis and J. J. Verducci strongly supported Frank's views. However, Pacelli did not.

He urged the council to proceed "with caution."

In essence, Pacelli felt it would be best to hire a planning consultant only when needed, and not on a year-around basis.

"We should hire a consultant when there is a specific job to do. In that way, we're not carrying him when he is really not needed. Let's hire a consultant just for a short time, until we see which way we're going."

Verducci opposed Pacelli's theory, saying that he thought it would be best to have a consultant who would become part of the community, and would be one to follow through on his

Public Hearing Aug. 7 On Jeff. High Budget

A public hearing on the Jefferson High School 1961-62 budget will be held Monday evening, August 7, in the offices of the Jefferson Union High School District, 375 South Mayfair avenue, Room 214, the Westlake Building.

The budget will show an increase in total expenses from \$2,368,358.60 in 1960-61 to a new proposed high of \$2,779,238.

Only salaries and wages are proposed to drop in cost. Proposed expenses in salaries and wages last year were \$62,739, compared to this year's total proposed expenditure of \$56,890.

A thorough outline of total proposed expenditures and income will be presented by John Mongan, principal of Jefferson High.

The general public is invited to attend.

Pacifica Freeway Halts Plans For Business Sites

Two prospective commercial enterprises for Pacifica were in a dubious classification today following disclosure by the Division of Highways that the Pacifica Freeway would cover much of the land in question.

The Highways Division recommended to the Pacifica Planning Commission to delay permission to Ken Royce to construct his European-style

San Mateo Meet On Smog Control

Smog, cause for increasing public concern throughout the Bay Area, will be explained and steps necessary for its elimination outlined before officials of Peninsula cities and leading professional engineers in San Mateo next Monday evening, July 31.

The occasion will be a dinner-meeting sponsored by the Peninsula Chapter, California Society of Professional Engineers at 7 p.m. in the Peninsula Room of the Benjamin Franklin Hotel.

Mayors and other interested officials of virtually all Peninsula municipalities have been invited to the event, which is part of the Peninsula Chapter's continuing program of public service in engineering matters of general public concern.

Speaker will be Dr. Henry C. Wohlers, director of technical services for the Bay Area Air Pollution Control District and one of the nation's foremost authorities on the subject. Title of his illustrated talk will be "Smog: What it is and what we must do about it."

LIONS CLUB GIVES AUGUST 2 FISH DAY

The 12th Annual Fishing Day will be held next Wednesday, August 2, at Lake Merced under the sponsorship of the Daly City Lions Club, according to chairman Hal Willis.

Pickup of the expected 140 youngsters will be at 8 a.m. at the various playgrounds through the cooperation of the Daly City Recreation Department.

Lions Club members will supply the hooks, lines, bait and rods for the morning fishing, and also will provide milk and ice cream to go with the youngsters' lunch.

Prizes will be given for the most fish caught during the morning and the largest fish hooked by the DC children. Buses will return the group home from the lake after lunch.

City Clerk Gets Salary Pay Boost; Doelger Map OK

The City Council Monday night approved a \$50 a month cost of living increase for City Clerk-Tax Collector Evelyn Mosman, raising her salary from \$600 a month to \$650.

Her raise was made retroactive to July 1, and passed by resolution.

The council set August 28 at 8 p.m. for a public hearing on the city's proposed abandonment of a portion of Atlanta and Market streets for the purposes of conforming with the contour of the streets.

The council approved Henry Doelger's final map on Westlake 11-C, consisting of 61 homes to be built in the Westlake Knolls area.

In other actions the council: Reappointed John Schaeffer to the City Planning Commission. Term is for three years.

Approved a resolution calling for transfer of \$1,000 from the unbudgeted reserve for a planning consultant in the planning

City Offices To Open Earlier

Effective August 1, city offices will be open for business one half hour earlier. Hours will be from 8 a.m. to 5 p.m.

The police and fire departments will not be influenced by the change, remaining on 24-hour service.

At present, city offices open at 8:30 a.m., remaining open until 5 p.m.

A resolution passed by the City Council Monday night brought about the change.

City Manager Edward Frank said the reason behind the move to have the city offices open earlier was "to give our citizens more and better service."

McKeon Maps Get Approval From Planners

Builder George McKeon got both tentative and final maps on his St. Francis Heights Unit No. 5, calling for construction of 36 homes, approved by the City Planning Commission Tuesday night. This section of the housing development will be located south of San Fernando Way and east of El Dorado.

The condition which goes with the approval is that McKeon temporarily withhold one lot from development for a possible road leading from the development into the nearby Botti

(Continued on Page 2)

Planners Hear Strong Protests Concerning Concrete-Mix Plant

Installation of a proposed ready-mix concrete plant in the Abbey Homestead met with a number of vigorous protests from area homeowners during a public hearing at Tuesday night's City Planning Commission.

The three strongest objections to the ready-mix concrete operation were that it would cause additional traffic flow, safety of children living in the area would be impaired, and increased noise from heavy trucks going to and from the yard would plague homeowners.

After a lengthy hearing, the commission went on record as recommending to the City Council denial of a use permit for Vincent Tammaro, Jr., of South San Francisco, who was interested in relocating his present operation in Colma to 1001 Market street.

Tammaro told the commission his concrete mixing yard would be a one-man operation on a lot about 50 feet by 100 feet, containing no buildings, except for construction of a batching plant 7 feet high and 20 feet long.

The particular area in question was zoned industrial some years ago. Tammaro said it was industrial where he was and, therefore, was desirous of settling in an industrial sector of Daly City.

Some 20-25 homeowners living in the immediate area of the proposed operation appeared at the meeting to object. They were shown snapshots of what the operation would look like. Chairman Richard Dwyer asked if there were any questions or protests the audience had for Tammaro. There were. Plenty.

Melvin Horne, 690 Orange st., then asked the commission if the property in question was zoned industrial. The answer was yes.

Mrs. Don Manuel, 436 Chestnut street, asked about the size of the operation, whether the concrete would be covered, and how much dust there would be in the neighborhood as a result.

Dist. Supt. Richard Foster informed the commission that the elementary school board was concerned over establishment of the operation in the area, since they already had one school in operation west of the locale, and another is anticipated east of the locale. He said the board was deeply concerned because of the added traffic load it would bring, causing a hazard for young children moving to or from school.

Tammaro said that deliveries of supplies and materials would be made in the late afternoons and during the weekends, and shouldn't interfere with school hours. To this, Don Manuel, 436 Chestnut street, said he wasn't "hot" about Sunday deliveries, "to speed things up."

(Continued on Page 2)

Burlingame Company Wins TN Turf Bid, At Jeff Board Meet

A & J Shooter won the Terra Nova High turf contract during the Friday evening meeting of the Jefferson Union High School District Board with what was described as a "fantastic" low bid.

Shooter Corporation of Burlingame not only came through with the low bid, but also agreed to post a performance bond and prepare the baseball infield at minimum costs, reported District Superintendent Edward Morgan.

The bid for turf installation and 45-day maintenance is \$15,143. Weather and ground conditions at the Terra Nova fields eliminate use of peat moss.

In other matters decided by the board:

PERSONNEL

Alfred Borelli is "returned to duty" following two years of surgery and recovery from his accident at Westmoor High. Sitting on the rear of a moving truck, the gardener's legs were hooked by a wire from the street and sucked into the truck's rear wheels.

Mrs. Ruth McWhinney, social studies instructor, is granted a leave of absence due to ill health.

Teacher Mildred B. Green's

JEFFERSON PROJECT

Architect Mario J. Ciampi asked a 10 per cent payment of the project for his fees for renovation of the Jefferson High School gymnasium, and the board agreed to seek state approval for the 2 per cent increase over maximum allowance.

Renovation plans, explained Morgan, are more costly than new development planning.

Elmer C. Werelius was hired as inspector with increased salary in the Falk and Booth portion of the project.

Adam Arras & Son Construction Company was notified to proceed with the construction of the gymnasium building alterations, the contract period beginning July 10 with completion on June 9, 1962.

Termites in very large nests and dry rot were uncovered in renovation work in the gym, and the board authorized a full inspection of the building to discover and eliminate the insects.

WESTMOOR PROJECT
Ciampi and his associates were authorized by the board to begin legal advertising on the project as soon as possible.

OCEANA PROJECT
San Mateo avenue will be improved with arrangements between the City of Pacifica, the school district, and the State Department of Finance. Bids are being called for on August 4 by the Jefferson Union High School District.

Ciampi recommended and was authorized a change order on monies used in projects at Oceana High School, taking unused monies to provide passageway for youths crossing into the gym.

TERRA NOVA PROJECT
Superintendent Morgan affirms that monies have been promised from the state for construction of a temporary road from Terra Nova High to Rosita on the Oddstad Homes building site.

Bids for the road will open August 4. The board also approved agreement between Jefferson High School, Jefferson Elementary School District, and the Greyhound Corporation for bus transportation, a cost of \$22.50 a day.

BROADMOR LEGION TO AGAIN SPONSOR POLIO SHOTS DAY

For the sixth time this year, American Legion Broadmoor Post 824 will sponsor polio shots, which will be given on Saturday, August 5, in the Music Room of Benjamin Franklin School, 700 Stewart avenue. A fee of \$1 will be charged.

Shots will be given from 9 a.m. to 12 noon, and again from 1 p.m. to 4 p.m. Booster, first, second and third shots will be given, according to Dick Napoletano, program chairman.

The school is located on Stewart, just north of 87th street on Madox drive.

Ben Franklin Teachers On Motor Scooter Trip Reach Guatemala City

The third in a series of letters has been received from the four traveling Ben Franklin School teachers on their Pan-American Educational Study Group expedition to Panama City.

"The past week has been one filled with experiences and rough going for the group," relates author Paris Simmons.

"We arrived in Guatemala City about 8:30 p.m. of the 19th, after taking two full days to travel on our scooters a distance of about 190 miles.

"The roads were dirt the first 90 miles, and were filled with loose rocks of varying sizes and most dangerous. We rose to an elevation on roads of this type of over 10,000 feet altitude from 3000 feet.

"At one point it rained so hard the members had to seek cover.

"The climb was directly up, winding, and without any straightaways to gain momentum—thus we had to push and guide the scooters up numerous steep inclines.

"We travelled 78 miles from the boarder in 10 hours, landing in a small Indian village, where we found shelter for the night. "We were greeted by more

than 100 children asking questions in Spanish. Their English consisted of 'Goodbye' and 'Thank you very much.'

"We were able to communicate quite well, and the tape recorder proved a valuable asset to making friends. We have been fortunate in obtaining songs and talks on them.

"Our room for four cost \$2, and coffee and pastry for four a total of 26 cents.

"The toilet facilities were most primitive, even though they are labeled No. 'Servicio Sanitario.' Our students would be amazed at the conditions we have met and have had to accept.

"Our beds were bunk beds consisting of boards of various widths for springs, and straw mattresses and pillows. . . .

"To date the group has achieved over 500 slides and 2500 feet of 16mm film plus hours of recordings.

"Text books have been promised for evaluation and information purposes from Mexico and Guatemala, along with photographs and educational data.

"The group remains in Guatemala for five days then makes the journey to El Salvador."

PLOTTING FOR FIESTA — Two Daly City Garden Club members come to the aid of Lee Hilderman, Sunnyvale (left) and Mrs. John Levett, Portola Valley (far right), both of Tri-County Bonza club, as the two groups lay out their outdoor gardens for the upcoming San Mateo County Fair and Floral Fiesta Aug. 4-12. Mrs. Joseph H. Susber explains the show's regulations as Junia Hargrove points out the dimensions of the garden plot. Photo by Pearl.

Council Creates

(Continued from Page 1)

recommendations and "live with his decisions."

He also noted that in this way, a full-time planner "will be with us as we continue to grow, and not just concerned with us for a short period."

Discussing the salary range, Pacelli then asked: "With a starting wage like that, just what kind of a consultant could we expect to get?"

Pacelli asked Chapman if there was not a position open for a senior engineer who could be designated to handle some of the detail. He replied there was, but the majority still argued for a professional planner.

Following some continued discussion, a vote was taken on the two proposed resolutions creating the posts.

Frank said it was his hope to be able not to increase the city administrative help but to put the staff into a "good working organization."

WARDENS GET REAL "TRAINING"

for a sign at 2495 Junipero Serra boulevard.

For Frank Mallos for a sign at 1901 Junipero Serra boulevard.

The council denied a use permit to Robert L. Anders, 4 Cerro drive, to construct a car port at the rear of his lot.

The council also approved the following business licenses:

Mark Morris and Gerard Rhine, Mark Morris Tire Co., Inc., 7201 Mission street; Bill and J. J. Bragg, 7121-A Mission street, Bragg Bros. Water Heater Sales and Service; L. W. Hopkins, 1001 Market street, Hopkins Tire Co.; Barney Gerstein, 1095 Junipero Serra boulevard, The Shoe Hut; John P. Crews, 206-A School street, School Street Cleaners; and Margaret G. Fehl, 11 Hillcrest drive, Midge's Beauty Niche.

ties recently near the San Mateo County Coast.

A group of Fish and Game Wardens were holding a training session when they observed the boats engaged in illegal netting. The wardens radioed the Fish and Game Patrol Boat "Albacore," the crew of which cited the two lawbreakers.

JOHN SWANSON, (right), owner of the Westlake Bowl, presents a sterling silver bowl to A. J. Lemos and Mrs. Joseph P. Schultz of the Daly City Garden Club which is sponsoring a flower show and an outdoor commercial garden exhibit in connection with the Golden Anniversary Celebration, October 7-14. The silver bowl will go to the winner of the home garden contest. The contest is open to all residents of Daly City, Colma and Broadmoor and will begin August 1.

Northern California has mobilized an unprecedented organization of 6000 men and equipment to fight forest fires this year; help them by being careful with fire wherever you are.

Pacifica

(Continued from Page 1)

cliffside restaurant, apartments and motels opposite the Sea Bowl.

Meanwhile, Mrs. Claire Drew, Pedro Point artist, disclosed her intention to build a cultural center on eight acres immediately south of the proposed Royce project.

Her plans call for a Sausalito-type atmosphere, including a little theatre, an exotic restaurant, and an art gallery.

Royce said that after waiting 10 years for the freeway to come through he should be specifically told what portion of the land the highway will cover.

E. D. Hodges, state right-of-way agent, asked that Royce delay construction for a full year until the disputed freeway—from Vallemar through Linda Mar—is determined.

Pacifica's Planning Commission postponed action on Royce's building permit for 60 days to allow the Division of Highways and Royce to come to an agreement.

Mrs. Drew, 1531 Grand avenue, Pacifica, owns a seven-acre tract at the peak of the seaside mountain just west of Rockaway cut and just south of the Royce properties.

A San Francisco man, William Woodworth, expressed his desire to build a home on his eight-acre tract which connects the Royce and Drew properties.

Reportedly he has affirmed that the home would be "compatible" to the Drew and Royce projects.

The Pacifica Planning Commission, although postponing action on the Royce petition, recommended the City Council rezone the western portion of the Royce 18-acre site for commercial recreation.

NSGW Holds First Annual Picnic Sat.

Pacific Parlor 318, Native Sons of the Golden West, will hold its First Annual Picnic at San Mateo Community Park this Saturday.

Barbecue uits are available, and soft drinks and ice cream will be furnished for the children.

Festivities will start at 11 a.m., and the public is cordially invited.

FREE FISHING LICENSES RETURNED

Two persons eligible for free anglers' licenses have voluntarily returned them to the Department of Fish and Game, in-

forming the Department that they are now able to buy their licenses. The two honest gentlemen are Walter O. Brinson of Knights Ferry and John Lange of Jenner.

WESTLAKE ADULTS SEEK CO-WORKERS IN NEW AREA TEEN-AGE GROUP

A Westlake area adult group is encouraging all Westlake area parents to join them and their teen-age affiliate to better develop the youth of Westlake.

Richard M. Fishel, president of the adult group, addressed the following open letter to Westlake parents:

"Do you want to help develop a club in the Westlake area for teen-agers? If you do, this is your opportunity to do so.

"If we, the parents, are willing to lend our skills and efforts in behalf of the young people, we're sure that they will not fail us in their efforts to do their share.

"Please come to the meeting to explore the possibilities."

Daly City's Park and Recreation Department has made the field house at Westlake Park available next Tuesday, 7:30 p.m., for the meeting.

The adult group invites both parents and merchants of Daly City to attend, as well as retired and semi-retired people.

Additionally, the letter proposes the following activities to promote the teen-age group.

1) A recreation center operated by the teen-agers with adults as supervisors and advisors.

2) Self-supporting activities to encourage the development of interests or skills.

3) The program is to be accomplished by membership fees and monthly dues; chaperoned dances, field trips, picnics, entertainment, sales of hobby goods, athletic contests; to repay either in money or labor or other services any donation made by an outside individual or organization; dedicate resources in providing for the less fortunate (not money, but friendship and care); instruction for little theatre groups, singing, arts and crafts, and assist other public bodies for community benefit.

4) Obtaining land space and a building.

5) Payment for both land and building in "whatever manner the interested business men and

the city people may suggest" but with out costing the city anything.

6) That it would be a community asset and would encourage both city development, city government, and relieve civic and financial burdens.

7) Club members will hold office by elections periodically, and club books will be maintained and audited.

In conclusion the letter affirmed:

"... we're sure that it will benefit all of us, but especially the peace of mind we'll get out of it, knowing that our young citizens are busy doing what they like to do—enjoying themselves—while gaining something else in understanding."

Refreshments and film entertainment will be free at the Tuesday night meeting in the field house at Westlake Park.

The letter was signed by Mrs. Rose Hughes, Anthony Buccelli, Irma Fishel, Richard Fishel, and Sterling Norman.

McKeon Maps

(Continued from Page 1)

property, and other points in the immediate area.

This condition was championed by City Engineer William Chapman, who requested that the one lot be left open, at least temporarily, to await a report from Engineer T. V. Tronoff, who at the request of the city, is doing a study and master plan of the area. It is possible the study will show that an outlet from the housing development is needed at the particular locale of one of the lots, and then again, perhaps not, according to Chapman.

This condition was one of the big stumbling blocks at the last commission meeting with McKeon refusing to withhold one of the lots for use as a possible road outlet into the Botj property, which is not a part of the city, to reach various points planned in the Christian land area.

McKeon stated at the meeting that for engineering reasons, it is impossible to construct the road that is proposed.

OBITUARIES

Dario Cortopassi

Final rites were held last Tuesday for Dario Cortopassi, 74, formerly of 56 Bismark street, Daly City, at the W. C. Lasswell & Company Mortuary.

Services also were held in the Holy Angels Church in Colma, where a requiem mass was offered.

Interment was held in the Italian Cemetery later Tuesday. Dario Cortopassi had resided in California for 51 years and was a native of Italy.

He is survived by his wife Rosina Cortopassi, his two sons Angelo and Orlando Cortopassi, and brothers Louis and Vincent Cortopassi, and sisters Mrs. Carolina Leofanti, Mrs. Colomba Morelli and the late Maria Palagi.

He also leaves three grandchildren, and is the former father-in-law of Rina and Fosca Cortopassi.

He was a retired cemetery worker at the Cypress Lawn Cemetery for 12 years.

Clerk Gets

SSF MAYOR PRESENTS 7-POINT BUILDING PLAN

South San Francisco Mayor Guido Rozzi recently participated in the Conference of Mayors held in Washington, D.C.

The following are excerpts taken from the Mayor's speech before the South San Francisco Chamber of Commerce:

The Conference of Mayors gave us an opportunity to look at the new tools recommended at the federal level for use by cities in revitalizing the municipal plan.

"The Master Plan, now in the sketch stage, will show us generally what to do in the way of possible use of land so that our City will meet the impact of economic forces now present and generating for the future."

Here is a first handed look at some of the tools available:

1. Urban Renewal — Federal Government aids cities in redevelopment of areas that are blighted and congested. Under the new federal housing program, grants for planning and surveying of qualified areas are made. Cities with a population of 50,000 or less are permitted to obtain up to three-fourths of the cost from federal grants under urban renewal programs.

2. Public Works Program under Public Law 560 and Public Law 660 — Community facilities administration makes interest-free advances for public works, repaid when project is undertaken, such as the engineering on the sewer treatment plant. On Water Pollution Control and Sewage Treatment, the Federal government authorized 50 million dollars. Government may now pay 30% of project with limitations.

3. Housing for the Elderly — The Federal Government will extend financial aid for housing for the elderly, usually means persons over 65. Housing and Home Finance Administration makes low interest loans to private, non-profit corporate sponsors of rental housing for the elderly.

Loans for 98% of cost, interest at 3 1/2 per cent, with 50-year loan period — project between 5 and 50 units. FHA insurance flexible for elderly, almost any group can obtain FHA for this. City should examine this program to ascertain if housing for aged is indicated.

4. Low Cost Public Housing — The Public Housing Administration of the Housing and Home Finance Agency administers the U. S. Housing Act which provides Federal financial and technical assistance to communities. The Federal Government makes annual contributions to keep rents low, makes loans for planning, acquisition and construction. Loans are made up to 90 per cent of construction cost.

The City Housing Authority has available space and should begin planning more housing under this program. This project could perhaps be ready in time to provide housing for persons displaced by our Urban Renewal program.

5. Open Space, Recreation and City Beautification — When the federal program is approved, the city should be prepared to take advantage of it. We still attempt to tie this in with our present city-school joint use of land program, and in this regard a meeting is planned with the school board and the superintendent of schools. We are also including in this program the Small Craft Harbor. Also the city's reclamation project adjoining the Small Craft Harbor.

In this project we must include city beautification. We have had help in one project, planting trees on Sign Hill under the Girl and Boy Scout Tree Planting Program. Our community has many, many areas that need beautification.

6. Civilian Defense — Federal funds are now available to cities on matching fund basis for defense materials, construction of

fallout shelters, etc. OCD is planning utilization of FHA money to provide shelters in homes on mandatory basis. Recommendation is made that all construction providing fallout shelters not be assessed for purposes of taxation, also that shelters can have a dual purpose such as TV room, family room, etc. Building code should be amended or flexible enough to accept plans for shelters of the OCD specifications. City should also forego buildings fees to encourage construction of shelters in private homes; City should also undertake immediately public fallout shelters throughout our areas, these shelters to have a dual purpose, such as Recreation Department area offices, public works or engineers' office, etc.

In this regard the city should consider adding to its plans for remodeling City Hall, Magnolia School and the new library the possible inclusion of facilities that would qualify us for matching funds, and in addition, afford added protection to our residents in time of disaster.

7. Jets, Noise Control under Federal regulations — Mr. Alan S. Boyd, chairman of the Civil Aeronautics Board, demonstrated a sympathetic understanding of the problem.

It is necessary to have Federal regulations of the jet noise nuisance but at the same time preserve the airport as an economic asset for our community. We intend to explore these two objectives further with Civil Aeronautics and Federal agency officials.

Summary

These proposed methods have been referred to departments and commissions for review and report within sixty days in order that the Council might determine which of the proposed methods will be most beneficial to South San Francisco in developing its future. It is not our intention to make South San Francisco a federal grant city, so to speak, but it is our intention to make use of the funds that we tax payers have already paid the Federal government.

The proposed Master Plan dramatically illustrates a major change in the center of our City proposing high density residential, general commercial, major retail and administrative offices. Here we may find the maximum use of some of the Federal tools such as the urban renewal programs.

TWO MILLIONTH ELECTRIC METER ON PG&E LINES

Somewhere in one of the 46 northern and central California counties where the company serves power, Pacific Gas & Electric Company has just connected its 2,000,000th electric customer, PG&E Vice-President and General Manager S. L. Sibley said this week.

"Adding an average of nearly 5,000 new customers every month, we can't pin down the exact location of this 2,000,000th meter," Sibley said, "not even with the aid of electronic data computers."

PG&E's first millionth electric customer was connected in 1943.

The Company also has 1,704,418 gas customers and a sprinkling of steam and water users.

William Hillegas Is Serving Aboard Ship

The ocean non-magnetic minesweeper USS Embattle and ships of Mine Division 72 have completed operations with the Seventh Fleet in the Western Pacific and are scheduled to return to the United States recently. Aboard her was William L. Hillegas, commissaryman third class, USN, son of Mr. and Mrs. Chester H. Hillegas of 40 Vista Grande, Daly City.

QFI To Handle Sara Lee Cakes At New Store

Quality Foods, Inc., have purchased a complete truckload of Sara Lee Frozen Cakes that will be featured in the opening soon of their new store on Alemany boulevard.

The kitchens of Sara Lee, Inc., of Chicago, was the first company to bake quality cakes for mass distribution through grocery stores and supermarkets.

Sara Lee was founded in 1951 by Charles W. Lubin with the idea of baking the finest quality cake that could be made.

The cakes are delivered daily within a 300-mile radius of the Chicago bakery, and fresh frozen to other parts of the country.

Today, the complete line of Sara Lee Cakes include All Butter Pecan Coffee Cake, Pound Cake, Cream Cheese Cake, Chocolate Brownies, Cinnamon Nut Coffee Cake, Fresh Orange Cake, Fresh Banana Cake, Chocolate Cake and Yellow Cake, with various icings.

Plans Are Made For Stocking New QFI Store

Plans for stocking the newest and largest QFI market opening soon at 2900 Alemany boulevard in San Francisco were under way last week as another rail car of frozen orange juice arrived at QFI's freezer warehouse in Colma.

Executives on hand to mark the occasion included James Powell, Treesweet National Sales Manager; Philip Di Giorgio, executive vice president of Treesweet's parent company; and Leo A. Musso, Promotion Manager of QFI Stores.

"To maintain leadership in frozen food sales," said Musso, "we are determined to buy the best brands and the best varieties in the largest quantities and pass the savings on to our customers."

With a 10-carload freezer warehouse capacity, QFI ranks as one of the only two northern California chains having the sales volume and freezer facilities to buy straight carloads from the packer.

QFI was one of the first to pioneer the practice of wrapping frozen foods in insulated bags at the checkout counter from protection from market to home freezer.

The Alemany QFI, seventh store in the chain, will have 300 feet of frozen food cabinets, ten check stands and 19,700 square feet of shopping space in all, and feature many new advances in supermarket shopping convenience.

Dolwig's Bill For New Bridge Goes Into Law

Senator Richard J. Dolwig's (R-Redwood City) proposed new high-level San Mateo-Hayward bridge has become a reality.

"The new six-lane structure, with no need for raising and lowering of the center span for water carriers, will eliminate the rush hour congestion and excessive delay now existing," said Senator Dolwig. "The span was lifted 1,935 times in 1958, 1,963 times in 1959 and 2,101 times in 1960. The interruption to traffic during this time is from 5 to 15 minutes."

A 15-minute delay now backs up 375 cars at the peak hours. San Francisco-Oakland Bay Bridge experience is that there is a car breakdown for every 3,000 cars. San Mateo Bridge is now 10,077 vehicles per day or over three breakdowns per day. Add that to the 5 to 10 lifts per day and the traffic is really fouled up.

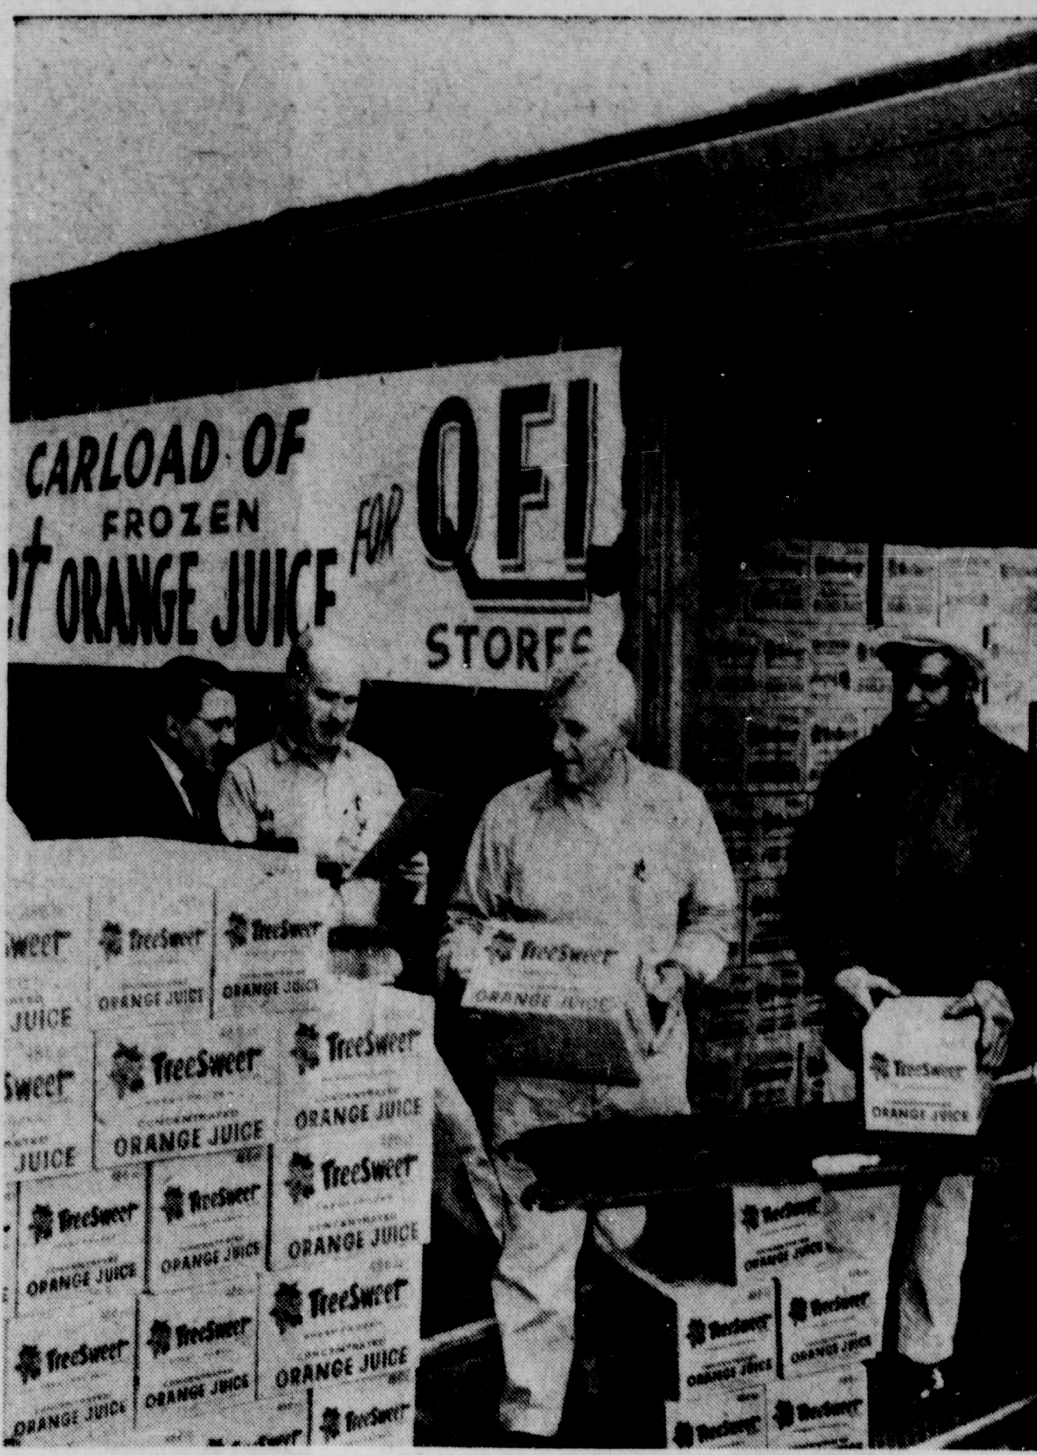

"Another outstanding feature of the new bridge will be the eventual direct access to 19th avenue and full service via freeway to the new San Mateo Junior College, enabling motorists to travel more safely, more rapidly and more conveniently across the Bay and through San Mateo."

"However, the most important point of all," claimed Senator Dolwig, "is that the existing crossing can expect 247 accidents in which people are maimed and 9.1 fatal accidents per 100,000 vehicle miles, while the new six-lane freeway would expect, based on Division of Highways experience, a 75% reduction in injuries and fatalities."

The additional costs would be borne by toll revenues from the San Francisco-Oakland Bay Bridge, the Dumbarton Bridge and the San Mateo-Hayward Bridge, devoting these revenues up to July 1, 1964, for this purpose.

SALES OF MOTOR VEHICLES

Factory sales of motor vehicles in the United States in 1960 totaled 7,869,271, according to the National Automobile Club.

DIRECT CARLOAD shipment of frozen orange juice goes from subzero refrigerated rail car to subzero freezer warehouse at QFI Stores, for re-distribution to QFI supermarkets. Checking latest arrival are QFI's Leo Musso and chief warehouseman.

Charity Corporations Must File Reports Or Lose Tax Exemption

Charitable corporations were advised this week by Attorney General Stanley Mosk that they will lose their tax-exempt status if they fail to register and file annual financial reports with the Attorney General's office.

A new statute (Senate Bill 1408) which has been signed by Governor Edmund G. Brown will deny the benefits of tax exemption to all non-registered charitable corporations as well as to those which fail to file annual reports.

Such registration and financial reporting has been required by California law for several years. The new act, now Chapter 212, adds a stringent penalty for violation.

Attorney General Mosk said: "The Attorney General has the responsibility of supervising the administration of all charitable trusts and charitable corporations. We have a Registrar of Charitable Trusts in our Sacramento office. He handles the registrations and audits the financial reports which the Legislature has required for some years. We know that there are many tax-exempt charitable corporations in California that

have not registered with us or filed annual financial reports."

"Until now there have been no penalties provided for those who fail to register and comply with existing law by filing their reports."

"Senate Bill 1408, introduced by Senator Fred S. Farr, (D-Monterey County,) and signed by Governor Brown, corrects this situation."

The new law provides that no tax exemption shall be allowed any charitable corporation for any year for which it fails to file with the Attorney General on or before the due date any registration or annual financial statement required by existing law.

Before the exemption is disallowed, the Attorney General must notify the Franchise Tax Board of such failure to register or report on time.

When the registration or report is eventually filed the tax exemption may be reinstated. In such case, however, the charitable corporation will still be required to pay the minimum \$100 tax for any year or years for which its exemption was disallowed.

10-Year Program To Wipe Out TB OK'd By Governor

A major step forward in a 10-year program to eradicate tuberculosis in California was taken last week when Governor Edmund G. Brown signed an \$80,000 appropriation bill to be used by the State Department of Public Health for supplementary laboratory services in TB control.

Introduced in the state legislature by Assemblyman William Byron Rumford, 17th District, the bill provides funds for new or improved services in drug sensitivity testing, culture work on unclassified organisms related to the TB germ, and training programs for laboratory technologists throughout the state on uniform and standardized techniques in TB bacteriology.

According to Mrs. Roy N. Cloud, president of the San Mateo County Tuberculosis and Health Association, the appropriation is an essential part of an all-out effort to eradicate tuberculosis as a public health problem in the state by 1970.

The estimated cost of TB in California is 42 million annually with 5,111 active new cases newly reported in 1960.

Legislation to provide the supplementary laboratory services was recommended by an Interagency Council on TB representing 14 statewide organizations and agencies including the County Supervisors Association, California Conference of Local Health Officers, California Trudeau Society, Bureau of Vocational Rehabilitation, State Department of Public Health, State Department of Social Welfare, California Medical Association, TB and Health Association of California and the Veterans Administration.

Vacationers Warned On Trailer Leaks

Lowell Nelson, Chief of the Division of Housing, Department of Industrial Relations, today warned the people of California vacationing in trailers and campers to make sure all gas connections and fittings are secure and leakproof before operating the appliance.

A nine-year-old girl and a five-year-old boy died in a fire caused by leaking butane. Two children, 10 and 13 years old, and two adults, have been critically burned during this vacation season.

Nelson emphasized that California rules and regulations covering trailer coaches sold, or offered for sale, in California require that all plumbing, heating and electrical installations meet rigid standards and tests by an approved testing agency, prior to being approved by the Division of Housing for installation in trailer coaches.

California is the only state in the country having minimum standards covering plumbing, heating and electrical equipment and installations specifically for trailer coaches.

Nelson said that despite the efforts of the Division to protect the health and safety of trailer occupants, and the public, there are still hazardous areas over which the Division has no direct control, for example, do-it-yourself projects, bootleg installations, and loose connections caused by road shock in travel.

The Division of Housing will continue to use every possible means to protect the health and safety of the public.

TAXES

Special motor vehicle tax collections reached an all-time high of \$10.6 billion in 1960, reports the National Automobile Club.

Letters To The Editor

SCHOOL SWITCH SPOKESMAN THANKS PAPER FOR NEWS

Dear Editor,
Thank you for reporting our cause so accurately.

You might be interested to know that I led another petitioning group from Skyline drive to have arterial stop signs placed on Skyline drive, south of Westmoor avenue. This was last year and the signs were put in, thus reducing the 50-60 mph drivers to a safe speed.

Again, thank you for your interest.

Sincerely,
Laurence Graubart,
"Committee for Safe Schools."

BRONCO BUSTERS THANK EDITOR

Dear Editor,
On behalf of the Bronco Busters, I wish to thank you for your assistance in helping us publicize our Beginners' Class in square dancing.

It is wonderful when a medium such as yours, and as fine a person as yourself, put themselves out to help a small organization such as we are.

You have helped to make hundreds of people happy. Again, many thanks!

Sincerely yours,
BRONCO BUSTERS
SQUARE DANCE CLUB
George T. Peggs,
Publicity Director.

Marin Judge Says SM Scout Council Outstanding Site

In the annual camp inspection by Regional representatives of the Boy Scouts of America, Superior Court Judge Richard M. Sims, of Marin County, rated the San Mateo Council, High Sierra Camp Kit Carson, "an outstanding wilderness camp."

Judge Sims, a member of the Region Twelve Camping Committee of the Boy Scouts of America was accompanied on the inspection trip July 19, by L. L. Johnston, San Mateo County Council president; Dr. E. Dwight Barrett, honorary board member; and Earl F. Schmidt, Jr., scout executive.

Camp Ed Barrer, located in the Mother Lode area is scheduled to receive its inspection this week; as will Camp Pomponio, located near La Honda.

Camp Kit Carson is under the direction of Ernest Casados, of San Bruno; Al Paulus and Braley Pastorino, both of Pacifica.

Camp Ed Barrer is directed by John Grist, Richard Lear, and Victor Jensen, all of San Mateo.

Camp Pomponio is under the leadership of James Taylor, East Palo Alto; Milton Hinman, Millbrae, and Robert Ritchie, South San Francisco.

FEDERAL HOUSING ACT PROVIDES INCREASES IN RENEWAL BUILDING

San Francisco Congressman John F. Shelley recently announced the significance and implications of the Housing and Community Development Act of 1961, in a release from his Washington, D.C., offices.

"The Housing Act of 1961, just passed by the Congress and signed by the President, has greatly increased the scope and effectiveness of the Federal Government's program of aids to housing and community development," Congressman Shelley began.

The program, an updating and expanding one from the 1949 housing bill, "recognizes that accomplishments in housing and community development must depend on local initiative and responsibility" both to individuals and communities, Shelley maintained.

Following are areas of aid offered in the new housing program:

HOME FINANCE

The 1961 act continues and liberalizes basic FHA housing programs, allowing pioneering attacks on problems of deterioration of existing housing and housing shortages for moderate income families.

The act lowers downpayment

requirements, raises maximum mortgage amounts, and increases maximum maturities from 30 to 35 years. Also, its rental housing program is broadened by making individuals and partnerships eligible to borrow on FHA-insured mortgages.

LOW RENT HOUSING

California at the close of 1960 had 24,253 low income family housing projects, and the Housing Act of 1961 provided an additional 100,000 dwelling units. Local public and private agencies now can receive grants from the Housing Administrator for development and improvement for low income persons.

URBAN RENEWAL

Act authorizes an additional \$2 billion in capital grant funds for use in California, increases the federal share of urban renewal projects to three-fourths total costs in communities under 50,000 population, and allows slum clearance and redevelopment programs with greater continuity and broader choice of methods.

URBAN PLANNING

Act raises the federal share of urban planning costs to two-thirds percent and increases authorization from \$20 to \$75 million.

COLLEGE HOUSING

New authorized increases by \$300 million.

COMMUNITY FACILITIES

The 1961 Act more than quadruples the authorization for public facilities construction loans, raises revolving fund, and eliminates the state as eligible borrower, thus channeling all aid to municipalities and water and sewer districts. Loans usually are restricted to small communities under 50,000 population.

HOUSING FOR ELDERLY

Increases monies for direct loans, raises maximum amount to 100 percent development costs, and makes public agencies and consumer cooperatives and other nonprofit sponsors eligible as borrowers. It also allows insurance of larger amounts for projects with more rooms per unit.

NEW PROGRAMS

Attack on deterioration of existing housing, aid to housing of moderate income families, conservation of permanent open space in areas of rapid urbanization, and special assistance to urban areas for mass transportation problem all are determined in the 1961 Act.

REHABILITATION LOANS

FHA can now insure loans for home improvements up to \$10,000 with maturity up to 20 years with maximum interest rates of 6 per cent, loans to one through four family building units.

MIDDLE INCOME HOUSING

Housing Act makes FHA mortgage insurance program available for displaced families on liberal terms and is broadened to apply to moderate-income families.

SALES HOUSING

Other programs with new, liberal authorizations included Sales Housing, Rental Housing, Conservation of Open Space Land, and Urban Mass Transportation.

F&G COMMISSION TO ACT ON SPECIAL DEER HUNTS

The next meeting of the California Fish and Game Commission is scheduled for 9:00 a.m., Monday, July 31, in the West Wing auditorium of the Employment Building, 722 Capitol Avenue, Sacramento.

Principal business will be to act upon the 40 antlerless and either-sex deer hunts proposed by the Department. Public hearings have been held in the affected areas by members of the Fish and Game Commission and the Director of the Department. The Commissioners will present their recommendations at the July 31 meeting and determine whether the hunts will actually be held, on the basis of testimony at the hearings.

Another item on the agenda of the upcoming meeting is a review of the Commission's deer management policy.

DFG FISHERIES MAN LEAVES FOR TEXAS

J. B. "Bruce" Kimsey, Fisheries Biologist at Sacramento headquarters of the California Department of Fish and Game, has resigned to accept the position of Supervising Fisheries Biologist with the United States Fish and Wildlife Service in Galveston, Texas.

Kimsey came to the Department in 1948 and has twice been loaned to the United Nations Food and Agriculture Organization for fisheries research work in Africa.

Telephone Co. Seeks Division Of County Directory

The California Public Utilities Commission has set the public hearing on application of The Pacific Telephone and Telegraph Company for authority to separate the present San Mateo County telephone directory into three directories. The meeting will be held Tuesday, August 22, in Room 15 of the San Mateo High School.

It will open at 10 a.m. with PUC Examiner James F. Haley presiding, and at that time or later all interested parties may appear and offer pertinent testimony.

PT&T filed its application on June 30 for authorization to divide the San Mateo County directory into three directories, asserting that "relatively few of the subscribers have occasion to refer to listings for all or even a majority of the exchanges included in the present directory."

The present directory lists 173,841 subscribers in 11 exchanges. The company asserted that by 1970 the directory would require 2,200 pages, due to expected population growth, and that that number of listings in one book would be "impractical."

Under the proposed change, the three new directories would include: (1) Pacifica, Half Moon Bay, Moss Beach and Pescadero; (2) Redwood City, San Carlos-Belmont, La Honda and Woodside; and (3) San Mateo, Millbrae and South San Francisco.

Advisory Team On Bay Crossing To Meet Aug. 8

Governor Edmund G. Brown's Advisory Committee on the planning of a southern crossing for San Francisco Bay will hold its second meeting on Tuesday, August 8, in San Leandro.

State Director of Public Works Robert B. Bradford, one of the members of the committee, announced that the meeting had been scheduled for 2 p.m. on that date in the San Leandro Library and Community Auditorium, on Estudillo avenue.

Planning officials of various cities and counties in the Bay area have been especially invited to attend the session, Bradford said. They have been asked to submit planning material and ideas which the State might consider in investigating various possible locations for an additional crossing of the bay.

Governor Brown, in appointing the committee, pointed out that another crossing would be needed within a decade. His instructions to the committee were to review and correlate previous reports on the planning of an additional crossing, and to obtain increased public participation in the project.

The advisory committee's first meeting was held in San Francisco on March 7. It was devoted mainly to a briefing by staff members of the Department of Public Works on the engineering, legal, and financial aspects of the southern crossing problem. In addition to the planners, other county and city officials are invited to attend the meeting and to express their ideas, Bradford said.

HAPPINESS radiates on the faces of newlyweds Mr. and Mrs. William Brudney (She's the former Loretta Berg), following their recent marriage at the Peninsula Temple Beth El

in San Mateo. The couple honeymooned in Las Vegas, and are making their home in Oakland.

Photo by Thomas

Loretta Berg Is Married To William Brudney In SM

Peninsula Temple Beth El in San Mateo was the setting of the recent marriage of Loretta Berg of Daly City to William Robert Brudney of Kensington.

The bride is the daughter of Mr. and Mrs. Carl Berg of 101 Westridge avenue. She attended San Francisco State College, and while there was affiliated with Kappa Theta Sorority. She was given in marriage by her father, Rabbi Herbert Teitelbaum officiated.

The groom also attended San Francisco State College, and was associated with Delta Gamma Tau Fraternity there. He is the son of Mr. and Mrs. David Brudney of 59 Norwood avenue, in Kensington.

The bride's gown was white taffeta applied with heirloom lace and seed pearls, with long sleeves and back detail, and of floor length with train (cathedral).

She wore an heirloom lace crown with seed pearls and a fingertip length veil. She carried a bouquet consisting of Lily of the Valley, white orchids and stephanotis.

Maid of honor was the bride's sister, Rose Ann Berg, and bridesmaids were Marian Murphy, Diane Ellis, Gallegos, and Fredda Mackoff. They wore Azalea pink dresses of silk organza over taffeta with full skirt and cap sleeves, and carried white baskets filled with pale pink carnations. Their headpieces consisted of a single rose of the same material with a double layer of veiling.

Best man was David M. Brudney, the bridegroom's brother. Ushers were Douglas Kirkland, Walter Porep, Jr., Leighton Simpson, and Gary Overstreet.

The Temple was decorated with baskets of carnations and stock, and ribbons along the aisles.

The reception was held in the social hall of the Temple, and was decorated with centerpieces of carnations and gladiolus.

The couple are home to friends at 2250-96th ave. in Oakland, following a Las Vegas honeymoon.

YWCA Announces Tickets On Sale For Home Tour

Tickets are now on sale for the annual YM-YWCA intercultural house tour, "Cosmopolitan San Francisco at Home," to be held Saturday, August 5.

In San Mateo county, they can be purchased at the YWCA office, 275 South Mayfair, Room 209, in Daly City, between 10 a.m. and 2 p.m., during July. After July, readers may telephone WAInut 1-3814 or West 1-8720 in San Francisco for ticket information. Tickets for the unusual tour of five different houses of different ethnic backgrounds, and an international tea to follow cost \$2. Transportation can be reserved for \$1 extra.

Houses to be seen will include the ocean view home of Mr. and Mrs. Andrew Howard; the residence of Dr. and Mrs. Hubert Doug, which combines modern comfort and convenience with precious Oriental art treasures; the "sophisticated Victorian" pre-fire home of decorator Gordon Mills; and Mr. and Mrs. Masao Ashizawa's Post Street home, designed by architects Noboru Nakamura and Gene Kodard, demonstrating "Contemporary Japan in the Western Addition."

Also on the tour is a sample of "country in city living"—three of the new Palm Royal apartments, showing diverse style of furnishings suitable to decorative functional backgrounds, and featuring a unique garden court and swimming pool. Architect is Bob Batchelor; decorator, Mrs. Paul Sack; and landscape architect, John Vogley.

Following the hour, which each year attracts a crowd of about 1,000, the YM and YW will hold an international tea, from 4 to 5 p.m., at the 1830 Sutter Street YWCA in San Francisco. Hostesses of many different backgrounds, wearing colorful national costumes, will serve the traditional tea delicacies of America, China, the Philippines, and Japan.

The event is co-sponsored by the YWCA, 1830 Sutter Street Center, and the Buchanan Branch YWCA. Proceeds benefit the two centers and their World Fellowship and World Service programs.

YMCA Service is a joint program of the YM's of the United States and Canada to cooperate with the YMCA's in other countries, help launch new YM's and to meet men's basic needs for health, education, social and economic welfare, and spiritual growth.

YWCA World Fellowship includes local programs to give women and girls greater understanding of their roles as part of a world movement and to increase understanding and appreciation of other people, through working with them on common problems.

Elaine Wolfe, director of the North San Mateo YWCA, said that funds raised by the intercultural house tour help the YWCA of the United States to give financial aid, leadership training, or staff assistance in 29 countries around the world.

So. Baptist Assn. Announce Plans

The Quarterly Associational Brotherhood Rally will be held Friday at 7:30 p.m. at the new Skyway Church, 300 Gaven street, San Francisco, according to the Peninsula Southern Baptist Association of Daly City.

In other association news, the Missions Committee will meet this Saturday, 8:30 a.m., at the Association Office.

Members include Del Olsen, Ben Merry, Keith Hamm, Mrs. Abe DeBrie, A. M. Norton, Edwin Perimon, James Roamer, Mrs. Lloyd Burdette, Alvin B. Smith and Moderator John Peters.

Twelve churches will participate in five adjoining associations in a "Pastor-led Sunday School Enlargement Campaign" September 18 through 29.

Participating churches have agreed to clear the calendar for the two weeks involved, take a Religious Census to be completed by the end of August, and to contribute its share of the costs which will probably run \$38 to \$51 depending on the final number of participating churches.

Participating churches include Brisbane, Burlingame, Westlake, San Francisco First Southern, 19th Avenue, 2nd Spanish, Twin Peaks, Valley, San Mateo, South San Francisco First Southern, Immanuel and Lincoln Park.

LEAVING THE ALTAR following their recent marriage at St. Martin's Episcopal Church in Westlake are Mr. and Mrs. James Michael Russell; she's the former Janet Lorenz Brown of Daly City. He is from Lincoln, Nebraska. After a honeymoon in Oregon, the couple will reside in Daly City.

Photo by DuCharme.

Brown-Russell Marriage Held At St. Martin's

Janet Lorenz Brown became the bride of James Michael Russell earlier this month during nuptials performed at St. Martin's Episcopal Church in Westlake by the Rev. Allen J. Downey.

The bride is the daughter of Mr. and Mrs. Arthur L. Brown, of 83 Belford drive. She was given in marriage by her father. The bride attended Westmoor High School and Grace Ball Secretarial College.

The bridegroom is the son of Mrs. Eloise Russell of Daly City, and the late Kenneth Russell of Lincoln, Nebr. He attended Lincoln (Nebr.) High School, and San Francisco City College.

The bride wore a gown of white organza over lace with a bouffant veil, and carried a bouquet of butterfly orchids.

Maid of honor was Beverly Chaney. Bridesmaids were Marilyn Rae Hunt and Rosemary Hoelling. Best man was David Kenneth Russell.

Kenneth Dow and Ronald Nagy were ushers. Junior ushers were Robert Brown and Terry Russell.

Following the wedding, a reception was held at the House of Lawton in San Francisco.

The couple then departed for a honeymoon in Oregon. They plan to make their home in Daly City.

Temple Judea To Hold Holyday Services At SF

Congregation Judea, the Reform Congregation of Brotherhood Way, San Francisco, now meeting in Westlake, announces that its High Holyday Services will again be held at the First Unitarian Church, Geary and Franklin streets, San Francisco, this year. In the true spirit of brotherhood, Congregation Judea has graciously been accommodated with the facilities of the First Unitarian Church and the cooperation of its leaders and its Congregation.

Rabbi Robert W. Shapiro and Cantor Harold Wachter will officiate, assisted by Dr. W. Leonard Beck, organist, and an augmented eleven voice choir. All interested in attending the High Holyday Services are urged to make reservations early by contacting the Temple office, PL 3-6362, 95 South Mayfair avenue, Daly City.

DC's Rando Family Visits Old Mission

Recent visitors to historic Old Mission San Miguel include Mr. and Mrs. Edward Rando of 48 Park Manor Drive, Daly City, accompanied by Mrs. Estelle Palmer and daughter, Linda Palmer.

30-Ft. Polaris To Be Highlight Of County Fair

A dramatic space-age display of the Lockheed Polaris missile will be the star attraction at the Industrial Products Show at the 27th annual Fair and Fiesta August 4 through 12.

The 30-foot Polaris, developed by Lockheed for the U. S. Navy, will be displayed in the new half million dollar industrial building.

The solid-fuel missile, carrying an instrumented nose cone, has been launched from the ocean floor by submarines and has successfully hit its target over 1200 miles away. The Navy missile was developed at the Lockheed Missiles and Space Division in Sunnyvale.

The Industry Show, held for the first time last year, will be expanded for this year's Fiesta and is expected to feature many scientific and space-age exhibits.

"Even before Russia put a man into orbit and the U.S. launched a man into space, the Fair management had decided to dramatize the area's space industries with appropriate displays," Fair Manager William M. Wilson said.

The entire industry building, noted for its dramatic roof constructed of half shells of pre-cast concrete, has been newly floored and landscaped for the 9-day Fiesta show.

"Our 40,000 square foot building, which was pressed into service last year even though not completed, is now finished and ready to accommodate our 1961 show," Wilson said. "We feel fortunate in being able to present the Polaris missile since it has never before been shown in this area."

Fuchsia Society Tours Were Held Sunday

El Camino Branch of the American Fuchsia Society held a Garden Tour last Sunday for society members and the general public, according to publicity chairman Mrs. Henry Kohlmann.

Afternoon tours started at 1 o'clock, with evening tours at 5 o'clock.

Mr. and Mrs. Harry Love, 513 Linden avenue, San Bruno;

Pacifica Rec. Dept. Seeks Clowns, Girls For Softball Teams

Pacifica's Clown Club, sponsored by the Pacifica City Recreation Department and organized last January, entertains at numerous local functions.

Clowns appear in full face and costume, and while keeping children laughing with their antics and puppets, they manage to make hundreds of balloon hats and animals.

Many children have been added to the group, and are busy making wigs, shoe, costumes and designing their faces.

The Clown Club has decided to take in more members, and is extending an invitation to potential clowns. Next meeting is this Friday, 8 p.m. at the Sea Bowl.

The Clowns have participated in the Pacifica Manor Christmas Parade and PTA Carnivals at Pacifica Manor, Westview, Linda Mar, Pedro Valley and Pacific Heights Schools. They also appeared at Storyland in San Francisco and in Vallejo on July 4.

Those interested in clowning can call Mrs. Jay Crow, EL 9-2603.

Teenage girls softball is underway in Pacifica.

Girls are playing on Monday and Thursday afternoons, 2 o'clock at Sharp Park and 4:30 o'clock at White Field in Linda Mar.

Larry Willey is coaching the Linda Mar Girls and Janette Howell the Sharp Park team.

Both coaches still are accepting girls for their teams, and are asking that members try to provide their own gloves.

There is no registration fee and the Recreation Department of Pacifica is providing the equipment. For information call FL 5-4151.

Mrs. Mable Urquhart, Magnolia street, Millbrae; Mr. and Mrs. Henry Kohlmann, 125 Santa Domingo street, San Bruno, and Mr. and Mrs. George Harty, 260 Lewis avenue, Millbrae, conducted the afternoon tours.

Evening tours were conducted under the guidance of Mr. and Mrs. D. M. Bird, 141 San Juan, San Bruno; Mr. and Mrs. Joseph Kuser, 60 Werner street, Daly City.

DESSERTS OF THE WEEK

FROM Betty Crocker

Feel like a party? Why not invite friends over for dessert and lemonade? Nice thought for a summer's evening. And greet the guests with our pretty-as-pie Peach Glace Cake—just made to win compliments.

Cakes-of-the-week:
CALIFORNIA PEACH
GLACE CAKE

Bake Betty Crocker Yellow Cake Mix in 9" layers. Cool. Drain 1 can (1 lb.) Cling peach slices (reserve juice). Mix ½ cup juice with 2 tsp. cornstarch; cook over med. heat, stirring until mixture boils and is thickened and clear—about 1 min. Cool. Arrange ½ cup peach slices and other fruits (grape or cherry halves, banana slices, pineapple, etc.) on top of one layer. Spoon glaze over fruit carefully (add a few drops of water if glaze is too thick). Prepare 1 pkg. Betty Crocker Creamy White Frosting Mix. Use to fill layers; place fruit layer on top. Frost sides with remaining frosting. Save remaining peaches for another dessert.

Family Favorite:
LEMON PINEAPPLE
CREAM CAKE

Make batter as directed on Betty Crocker Lemon Velvet Cake Mix package. Pour into greased and floured jelly roll pan, 15½x10½x1". Bake 22 to 28 min. Cool. Drain can (1 lb. 4 oz.) crushed pineapple. Combine juice with 2 tsp. cornstarch, a little at a time. Bring to a boil; boil 1 min. Cool. Combine with drained pineapple and spread evenly over cake. Whip 1 cup whipping cream with ¼ cup confectioners' sugar and spread over pineapple topping. Chill until served.

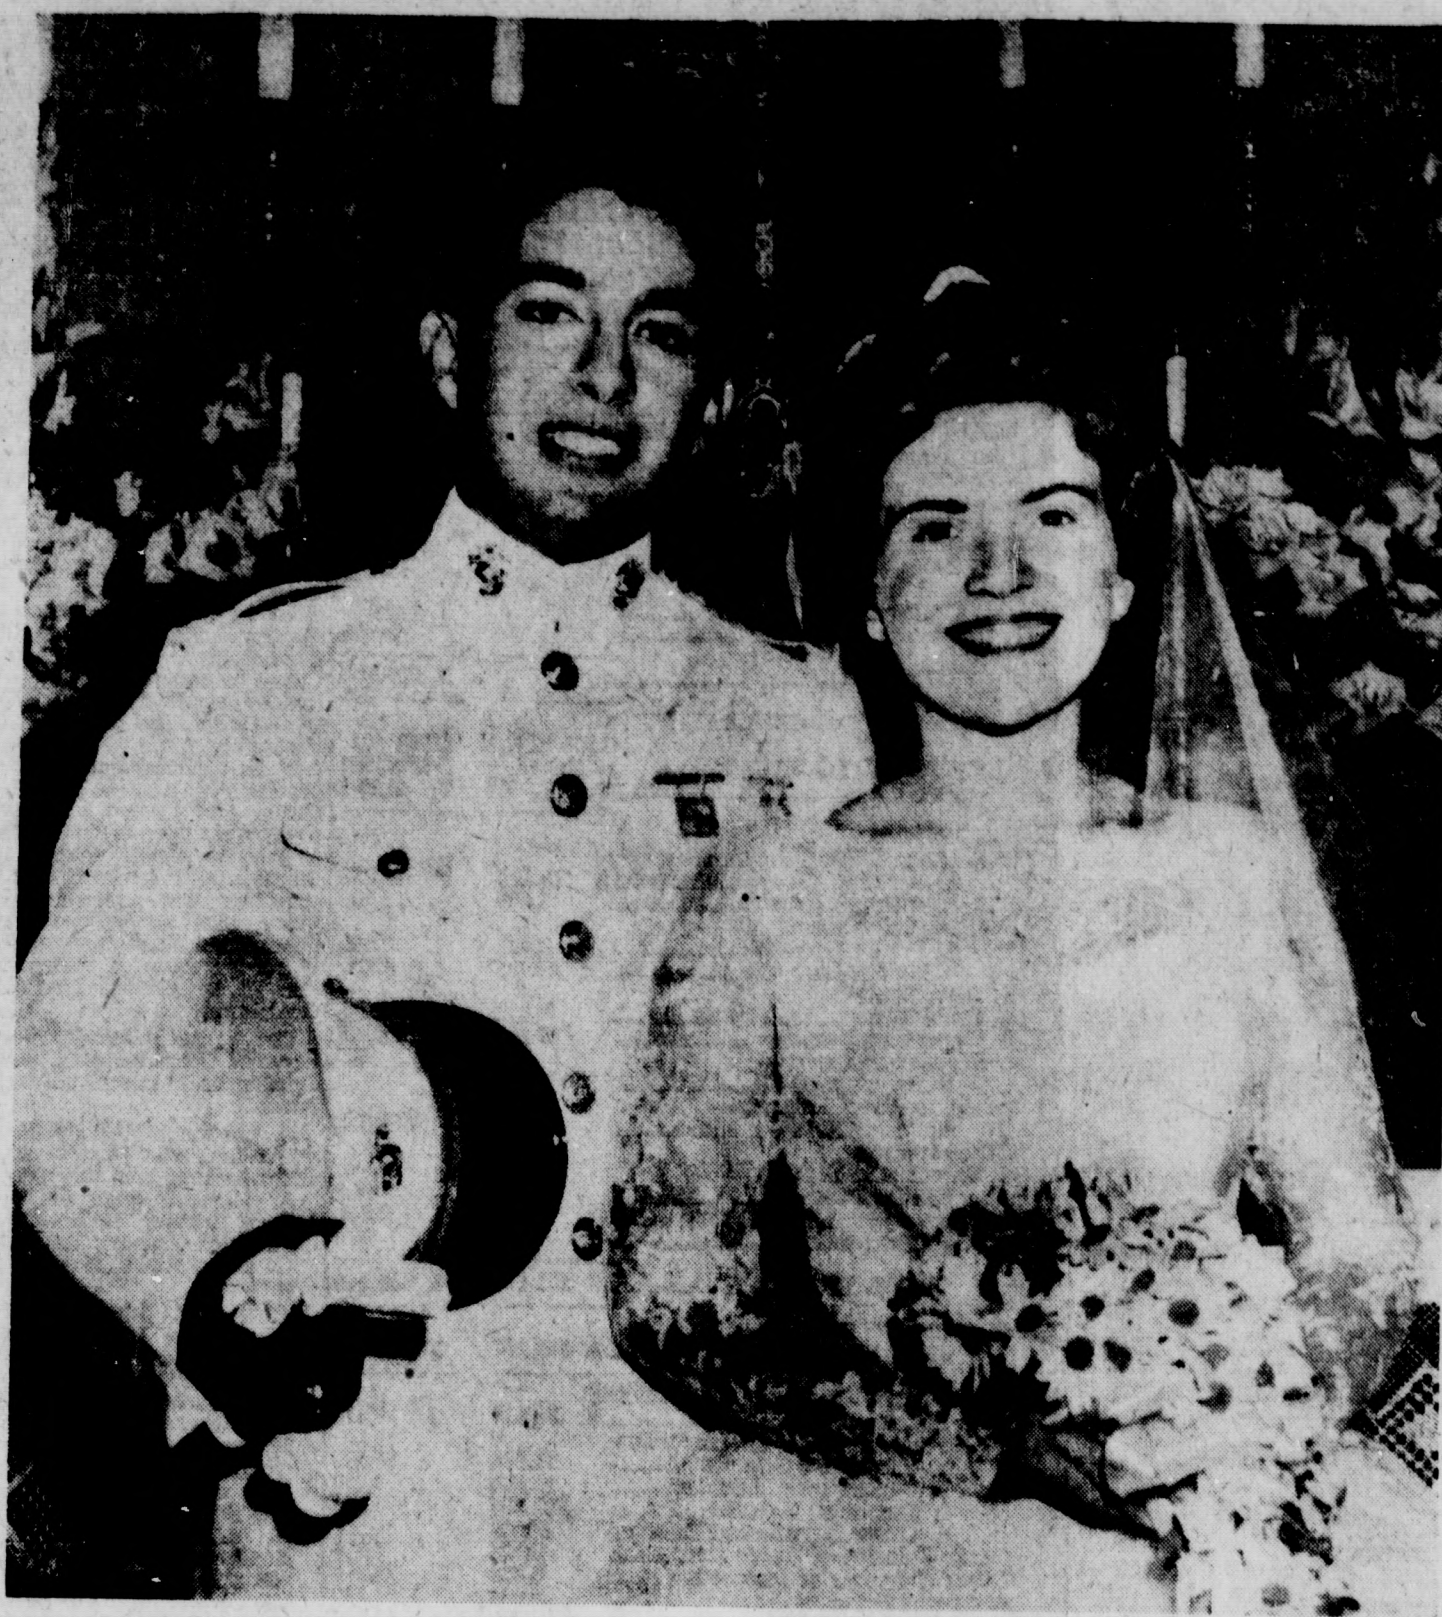

Pretty for summer:
BUTTERFLY CAKE

Bake Betty Crocker Milk Chocolate Cake Mix in layers. Cool. Fill with Betty Crocker Fluffy White Frosting Mix. Cut cake in half. Place rounded sides back to back. Frost sides and top with remaining Fluffy White Frosting. Coat with coconut. With melted chocolate outline butterfly on top of cake. Use candles for antennae.

BETTY CROCKER

the difference you can taste

HAPPY COUPLE shown above are Lt. and Mrs. Frank G. Castillo (she's the former Barbara Kral of Daly City), following their recent wedding at Holy Angels Catholic Church in Colma. The bridegroom is from Lodi. —Photo by Kaufman.

Kral-Castillo Are Married In Catholic Rites

Barbara Kral of Daly City recently became the bride of Marine Lt. Frank G. Castillo at a Nuptial Mass at Holy Angels Catholic Church in Colma, with the Rev. Richard Long officiating.

Barbara is the daughter of Mr. and Mrs. Joe Kral, of 54 Woodland avenue. She is a senior at the University of California at Berkeley.

The groom is the son of Mr. and Mrs. Frank P. Castillo of Lodi. He is a graduate of San Jose State College.

Following the wedding, some 150 guests filled Colombo Hall in Colma for the reception.

St. Paul's Vacation Church School In Aug.

Vacation Church School will be held at St. Paul's Methodist Church August 7 through 18, according to Mrs. Aud Thompson and Mrs. James Schwirian, co-chairmen.

Theme of the school will be "Personal and Group Relationships," and materials used in kindergarten are entitled, "My Family and My Friends"; primary, "Love One Another"; junior, "Living and Working Together as Christians."

Youngsters who may enroll must be five years old by December 1, and no older than 12 years.

Following are Vacation Church School teachers:

Kindergarten — Mrs. Bert Nichols.

First grade — Mrs. A. Minuciani assisted by Janice Furber.

Second grade — Mrs. Bill Drosky.

Third grade — Mrs. James Schwirian.

Fourth grade — Mrs. D. I. Carlson.

Fifth grade — Mrs. Kal Rikala.

Sixth grade — Mrs. Olga Martiano.

Membership To Judea Is Urged

Membership in Temple Judea includes both High Holiday Services as well as Religious School enrollment. In addition to Sunday morning classes, 10 a.m. to 12 noon at the Westlake Elementary School, Temple Judea conducts a weekday Hebrew School in affiliation with the Bureau of Jewish Education. Children ages 10 years and upward are eligible for enrollment.

Classes are divided into beginners, intermediate, and advanced students. Bar and Bas Mitzvah training are offered to members of the congregation without charge. For further information, please contact the Temple Office, PL 5-6362, 95 South Mayfair avenue, Daly City.

Wanted: Folk Dancers; First Party Is Friday

Expert folk dancers in Half Moon Bay who don't mind traveling a few miles to enjoy this hobby, might be interested in a call for volunteers put out by Kenneth G. Foster, executive director of Goodwill Industries, the non-profit organization which serves the handicapped of the Peninsula.

"Despite a limited budget," Foster said, "we are attempting to expand our recreation-rehabilitation program. Six months ago we resumed the bi-weekly parties we were forced to discontinue early last year. These affairs, which consisted of feature movies, games and dinner, were eagerly anticipated by the 275 employees of our sheltered workshop."

"Lately so many requests have been received for folk dancing instruction that an evening has been set aside for this activity on the theory it will help those with minor disabilities attain more freedom of motion."

"The first party will be held in the recreation room of our plant, 980 Howard street in San Francisco, on Friday, July 28, from 4:30 to 7 p.m. A three-piece orchestra will be furnished by Local 6 of the American Federation of Musicians, through a grant from the Recording Industries Trust Fund. All we lack are the instructors."

If the initial experiment, under volunteer leadership, is successful, and providing finances permit, the folk dancing will be made part of Goodwill's regular rehabilitation program. Interested persons may call Dora Perry, Douglas 2-0779, or write her at Goodwill Industries, 980 Howard street, San Francisco 3.

CAROL LANDGREN TO BE MARRIED SATURDAY IN SF

Carol Jean Landgren of Daly City will become the bride of Warren Prentice of Redwood City Saturday in nuptials to be performed at the Portola Baptist Church in San Francisco. The wedding is scheduled for 5 p.m.

Carol is the daughter of Mr. and Mrs. Carl Landgren, 283 Irvington street. She attended Crocker School and is a graduate of Jefferson High School. She is presently working in San Francisco.

Warren works for the post office as a mailman.

Following a weekend honeymoon, the couple will make their home in Daly City.

Max Rudorfer To Be Judea Guest Speaker

Max Rudorfer, president of Congregation Judea, will be the guest speaker at Sabbath Eve Services this Friday evening, July 28, 8:30 p.m. at the Westlake Temple House, 95 South Mayfair avenue, Daly City.

Rudorfer will speak on "recent incidents" of special interest in San Francisco. Everyone is cordially invited to attend the service and the social and reception following.

REC. DEPT. START NEW DC SUMMER BASEBALL LEAGUES

Daly City's Recreation Department has announced the second half campaign with several new baseball leagues.

The new Junior League consists of two divisions.

The Eastern Division—Daly City Drugs, Coach George Benson; D & S Lumber, Coach Roger Kucich; New Pisa, Coach Carl Gustafson; Parkmead, Coach Rich Watson, and South Sunset, Coach John Shea.

The Western Division—Art Colvin BYA, Coach Everett Heick and George Brenk; BYA Falcons, Coach John Perry; Skyline Plaza Merchants, Coach Richard Powell and Ben Blaney, and Misracks Juniors, Coach Jack Cousins and Nick Budea.

The Eastern Division plays Tuesdays and Thursdays, 6:15 p.m., and Saturdays, 2 p.m., at Marchbanks. The Western Division plays Wednesdays and Fridays, 6:15 p.m., at Marchbanks.

The Midget League consists of three divisions:

Westlake Division—Midgets—BYA Bullets, Coach John Taylor; PAL Braves, Coach Neil Mahoney and Frank Harrigan; PAL Red Sox, Coach George Pedroni; PAL Yankees, Coach Les Bastedo and Tom Reardon, and TOTOS, Coach Don Fuller, Carl Gossman and Jim Davis.

Marchbanks Division—Midgets—BYA Art Colvin, Coach Rock Kubowitz; BYA Blazers, Coach Tony Contreras; BYA Little Giants, Coach Sam Manning; BYA Red Sox, Coach Jerry Pyle; PAL Indians, Coach Leonard Barnette, and Parkmead, Coach Duncan MacSwain.

BABY NAMING CEREMONY SET AT BNAI ISRAEL

Bette Lynne was the name chosen by Mr. and Mrs. George Ehrlich of 940 North Haven drive, Daly City, for their baby girl.

The baby naming ceremony will take place at the Congregation Bnai Israel Sanctuary, 67 Los Banos, Friday evening, July 28. In the absence of vacationing Rabbi Solomon A. Shore, Cantor Ladislaus Morgenshtern will officiate.

At the conclusion of the services the traditional Oneg Shabbat will be hosted by Mr. and Mrs. Ehrlich in honor of their daughter.

The special summer services now being conducted at Bnai Israel have proven highly successful. This in great part is due to the efforts of Cantor Administrator Morgenstern who as chief cantor of the Sulzer Synagogue in Vienna succeeded in raising the Divine Service to its old traditional zenith. In recognition of his outstanding service to the Jewish Community he was granted Austrian citizenship after less than a year's stay in Vienna.

Jewish Youth Club Will Have Car Wash In SM This Sunday

The Jewish Youth Club, (teenagers 14-18), sponsored by the North County Extension service of the Peninsula Jewish Community Center, will sponsor a car wash on Sunday, July 30, at the Shell Station, Taylor and Broadway off El Camino in San Mateo, from 10 a.m. to 3 p.m. The members of the group will wash cars for the donation of 99 cents per car. All monies will go to the Jewish Center.

Chairman of this activity is Barbara Manber, her committee includes Sue Kesler, Sue Cowan, and Barbara Kushner.

Guest Sermon At Our Redeemer's Church

Reverend Elmer Laursen will be the guest speaker at Our Redeemer's Lutheran Church this Sunday at 8:30 and 11 a.m.

Sunday School will be held at the usual time of 9:30 a.m.

More than 100 students enrolled in the Vacation Bible School at the church recently gave \$80 in support of medical assistance for the Navajo Indians at the Rock Point Mission near Chinle, Arizona.

Mrs. Elmer Laursen was the director of the Bible school.

Judea School Enrollment Up

With the announcement of pre-registration for the fall term of Temple Judea Religious School, parents are contacting the Temple office in Westlake and enrolling their children, commencing with pre-kindergarten, age 3.9 years through post-confirmation, grade 12.

Present enrollment is now well over 300 students and a capacity enrollment is anticipated. Anyone interested in pre-registration is urged to contact the Temple office, PL 5-6362, before classes are filled.

HURRY! GIFT OFFER ENDS JULY 28

Mr. Home Mutual says:
Here's Why San Francisco Prefers
HOME MUTUAL SAVINGS

HIGHER EARNINGS: Your Home Mutual Savings insured account earns 4 1/2% current annual interest, a full 50% more than paid by 3% interest institutions.

ABSOLUTE SAFETY: Just like 3% institutions, your account is insured to \$10,000 by a permanent agency of the United States Government in Washington, D.C.

GREATER STRENGTH: Home Mutual Savings' strong reserves of over \$10 million, largest of any San Francisco-headquartered association, are more than double legal requirements.

RESOURCES OVER \$125 MILLION
RESERVES OVER \$10 MILLION

NOTICE OF TIME AND PLACE OF HEARING OF APPLICATION TO CHANGE ZONING

WHEREAS, an application has been filed with the City of Daly City to amend Ordinance 294 of the City of Daly City, California, to change the zoning of the following described property from a R-1 District to a R-3 District, as such district is defined and established by Ordinance 294 of the City of Daly City, or as the same has been amended; and

WHEREAS, Sections 65.500 through 65.805 of the Government Code of the State of California established requirements for such amendment and for public hearings thereon; and

WHEREAS, in accordance with the foregoing, the Planning Commission of the City of Daly City desires to set a time and place for a public hearing so that all interested persons may be heard;

NOW, THEREFORE, NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Daly City has set the time and place for hearing all persons interested in or objecting to said zoning for Tuesday, the 8th day of August, 1961, at the hour of 8 o'clock p.m. of said day in the Council Chambers of the City Hall, City of Daly City, San Mateo County, California, at which time the said Planning Commission will hear any person interested in or objecting to said application and will receive any evidence appertaining to said application.

Said property is described as follows: That certain property situated in the City of Daly City, County of San Mateo, and more particularly described as: Lots 4, 5, 6, 7, and 13, Block 37, Crocker Estate Tract, Subdivision No. 2.

Daly City Cancer Team Is Thanked

Official appreciation was bestowed upon Mrs. Evelyn Goldkuhl, 98 Belmont Avenue, and co-workers "in the part they played in making the 1961 American Cancer Society Drive a success."

The letter of appreciation by Mrs. Phebe Sandberg, County Residential Chairman of the American Cancer Society, was recently received by Mrs. Goldkuhl.

"Through your efforts," continued the letter, "and the work of thousands of other volunteers throughout the nation, we are moving closer to the day we win the battle against cancer."

"It has been a pleasure to work with you, and we hope you will relay our thanks to all your workers," Mrs. Sandberg closed.

SINGING STAR joins Red Cross circuit—Dean Bachelor (second from left), now appearing at the "Roaring Twenties," volunteered to entertain patients in the wards at Letterman General Hospital through the local Red Cross entertainment service. His first visit, with fellow musician Avram Berovich (left), was such a "roaring" success with the convalescing servicemen that he decided to make regular trips to the hospital with his talented guitar. Enjoying a fast two-step are patients Anthony De Benedictus and Leo G. Banks.

Work Parties Prepare 3 Sites For Girl Scout Camping Events

Work parties made up of north and central county volunteers are preparing for opening three sites for Girl Scout summer camping activities, according to Mrs. K. Rex Evans, camping committee chairman.

The sites under the jurisdiction of the Girl Scout Council of San Mateo County, include the established camps of Sonora and Two Sentinels and the multi-purpose camp of Butano Creek.

Mrs. Evans explained that more help is needed to properly maintain and improve the camping sites. Friends and families of the Girl Scouts who are interested in offering their services are requested to contact the Girl Scout Office, 1101 Juanita, Burlingame, phone DI 4-7674 or JU 3-2060.

Volunteers who contributed time, talent and energy during the spring and summer included 20 members of the Sea Bee Reservists of the 12th Naval Bay District under the direction of Lieut. Commander W. J. Melish. This group built a bridge, culvert and cut logs for unit circle fires at the Butano Creek Camp near Pescadero.

Responsible for spraying poison oak, cutting trails to new units and clearing of underbrush were Mr. and Mrs. Chris Alves and Mr. and Mrs. W. Peterson of Half Moon Bay, plus others. Butano Creek is being used this summer by Girl Scout Troop campers and Day campers.

The work party which prepared Camp Sonora, located in the Mother Lode Foothills four miles from Sonoma, included Mr. and Mrs. John House, Daly City; Mr. and Mrs. Perry Boukind, Pacifica; Mrs. Larry Anderson, Colma; Mr. and Mrs. David Douglass, Mr. and Mrs. Ralph Vedder and Mr. and Mrs. Frank McCoy, Pacifica, and others.

The women tackled the general house cleaning while the men painted and took care of the grounds and swimming pool. Approximately 410 Girl Scouts will enjoy camping at Sonora from June 26 through August 17.

After the snow melted, Two Sentinels Camp, situated on Lake Kirkwood in Eldorado County near Kit Carson Pass, was prepared for summer use. Approximately 315 Girl Scouts will participate in the camping program at Two Sentinels between July 12 and August 23.

Ex-Navy Men Keep Old Rank In Navy Res.

The Naval Air Reserve Training Unit at Alameda announced today a major revision of instructions governing the enlistment of former service members has been received from the Navy Department.

Former Navy and Coast Guard members now can be enlisted in the Naval Reserve with the rating they held at the time of discharge or separation, regardless of the time lapse, providing there is an opening and/or billet available in one of the many types of Naval Reserve Units.

Openings currently existing at NARTU Alameda include all ratings in the Aviation and the Administrative and Clerical Groups. The door is now wide open to all former Navy and Coast Guard men, who at one time held a rating in these groups.

They can join the Naval Air Reserve and take full advantage of the many benefits received from participation as a "Week-end Warrior" at NARTU Alameda.

Social Security Recipients To Get Increases

By Mercia Leton Kahn
Manager of the San Francisco (Mission) Social Security District Office

In my last article on the 1961 amendments to the social security law, I described the increase in the social security benefits payable to aged widows and widowers and to certain aged dependent parents.

In this article, I would like to tell you about another group whose social security benefits are raised. They are the 2,175,000 persons who now receive social security benefits at or near the minimum level.

The change raises the minimum level to \$40 a month. Under the new law, the lowest benefit payable to a worker who retired at 65 or later will be \$40, beginning with the checks mailed early in September.

Dependents of these retired workers will also receive increases in their benefits if the increase will not raise the total family payment above \$60. Where there is only one person getting benefits based on the social security account of the worker who has died, the survivor will have his or her monthly payment increased to \$40.

There will also be a small increase in the payments to survivor-families who have been getting a total family payment of less than \$60.

These increases, amounting to an estimated \$255 million during the first 12 months they will be in effect, will be made automatically. There is no need for beneficiaries to apply for the increase.

The social security office in San Francisco at 761 South Van Ness Avenue serves residents of Daly City, Colma, and Pacifica.

Vets Informed They Should Correct Records

Time is running out for ex-service men and women who want to correct inaccuracies or injustices in their military or naval records that make them ineligible for veterans' benefits.

San Mateo County Veterans' Service Officer Floyd D. Granger reminds such former service personnel that generally, the deadline for applications to correct alleged error or injustice in armed forces is before October 26, 1961 or within three years after discovery of such error or injustice; whichever is later.

Written application by the veteran, his survivors, or legal representative should be made to the service concerned on Department of Defense Form 149 (DD149), entitled "Application for Correction of Military or Naval Record."

Applications for review of discharge (to modify any dismissal not the result of a general court-martial) must be made within 15 years after discharge, on Form DD293. The Veterans' Service Office, located at the Courthouse, Redwood City, California, can be of assistance to these persons in making application, Granger said.

The Secretaries of the Army, Navy, Air Force and Treasury are authorized by Public Law 601 (79th Congress) to correct any military or naval record where in their judgment such action is necessary to correct an error or remove an injustice. The secretaries act through boards of civilian officers or employees of their respective departments.

The October 26, 1961 expiration date on correction applications was imposed by Public Law 220 (82nd Congress), which amended Public Law 601.

The veteran must submit his original discharge or copy thereof with the application, and also his sworn statement of the alleged error or injustice and, if applicable, the reason he thinks the sentence was too severe for the offense committed.

Statements from former comrades in the service who know of the incident in question should also be submitted in support of the veteran's application in such cases.

The 1959 Montana earthquake had a magnitude of 7.1, ranking it as one of the six strongest ever to jolt the United States.

GARDEN VILLAGE - FRANKLIN TEEN-AGE GROUP GROWS

The Garden Village - Ben Franklin Recreation Department has recently assisted in sponsoring and advising a Teen-Age Club who are currently attending the Ben Franklin Intermediate and Westmoor High Schools.

Purposes of the club, when completely organized, are to provide services to the community and to teen-agers, enjoy recreational activities as a social function, and to accomplish these purposes through the democratic process of self-government.

The group has divided into a girls' and boys' club with elected officials forming the advisory council board of directors.

The girls' club lists Molly Johnson, president; Patty Cox, vice-president; Sandy Bizzo, secretary; and Linda Kavanaugh, treasurer.

The boys' club includes Jay Hansen, president; Jerry Donovan, vice-president; Bill Waite, secretary; and Dan Colangelo, treasurer. The group comprises the advisory council and has selected Jay Hansen as chairman.

Organized three weeks ago with approximately 15 interested active boys and girls, the club has grown to approximately 50 who have planned, coordinated and successfully held two outings, have another planned for the near future, and have elected their respective club officers and formed an advisory council.

Outings have included a day at Playland (lunch on the beach), a visit to Suto Heights and ended at the Fun House.

On Wednesday, July 26, the group motored to San Mateo County's Flood Park for a swim party.

Private transportation was provided by Mrs. Mona Baker, Mrs. Doris Johnson and Mr. G. Herrick.

Future activities currently under consideration are an evening

With summer half over, the Garden Village-Ben Franklin Recreation Program is offering the following activities:

Archery—Basic instruction is given in the use of the bow and arrow and safety procedures each Thursday at 1 p.m.

Arts and Crafts—A trained instructor guides the activities of children of all ages each Monday and Wednesday from 1 to 3 p.m.

Game Room—Trained adult personnel supervise a wide variety of group and individual games and activities each week day.

Movies—Films for children are shown every Monday at 3 p.m. at Garden Village.

Pre-School Program—Activities of fun and learning are offered to children, 3 to 6 years, each day.

Additionally, field trips to the zoo, beach, playland, harbor, and instruction in baseball, softball, soccer, baton twirling, drama, folk dancing, music and social dancing are offered.

The program is supervised by John Belforte, with Ed Mosconi, Bill Medosa and Edie Mullen as recreation leaders.

Democrat Club Ladies To Meet On Tuesday

Peninsula Women's Democratic Club members will meet next Tuesday at 8 p.m. in the Camino Room of the Villa Hotel. All Democratic women are invited to attend by the president, Mrs. Harry Smith.

The newly chartered group's agenda will include progress reports by executive board members.

Intermediates—Geoffrey Becker, Hazel Deacon, Christine Draves, Charlene Frazee,

Errors Cost Cards Peninsula Lead

Errors cost the PAL Cardinals a shot at the Peninsula Midget League lead as they dropped a 17-16 contest to leading Silver Terrace recently.

Outfitting the pacesetters, 16-12, the Cardinals of Daly City committed several errors to take the loss.

The victory put Silver Terrace atop the standings with a 6-0 win-loss record. The PAL Cardinals are now in second place with a 4-2 mark.

In other games, the PAL Constables beat Parkview, 7-4; Parkside Yankees shutout St. Paul, 3-0; the Constables also beat St. Paul, 15-0; Silver Terrace nipped Parkview, 9-8, and the Cardinals topped Parkside, 10-9.

In the Card-Terrace duel, big hitters for the PAL club were Bob Banos with three hits, Joe Farrell with two, and Mike Miller and Keith Stoller each with three safeties.

Daly City's Cards tallied the winning runs in the final inning on Stoller's line drive double.

Tom McHugh Signs Pro Contract: Hunters Are Warned Of Fire Threat

By Larry Ruiz

Daly City's Tom McHugh is now a member of the Los Angeles Dodgers with the signing of his major league baseball contract recently.

The former three-year Peninsula Athletic League All Star—currently in his second year as a member of the All Star San Francisco semi-pro team—signed for the 1962 season and a "substantial" bonus.

Dodger scout and former Sacred Heart Coach Dick Murray rates Tom "a very fine young ball player with speed and power."

"With the shortage of major league catchers, and with Tom's exceptional strength, arm, and speed for his age (18), we feel he has real potential."

"His signing of course is just the beginning," Murray continued. "He's got what we call the Mickey Mantle type body—all muscle and speed—and what he must do is put it all together."

"He could surprise a lot of people, particularly after he completes the five or six-week training at Dodger Spring Training Camp in Vero Beach," Murray concluded.

Tom was born in San Francisco and grew up in Daly City, living in Colma, Daly City and Broadmoor. He is a graduate of Holy Angels' School in Colma, and of Westmoor High in June, 1960.

"I had my best year at Westmoor as a sophomore," Tom relates, "although I was second string PAL that year."

After a .353 sophomore year, Tom hit .320 as a junior and .260 as a senior. "I played in a real good league between my junior and senior years, and the slower pitching in the PAL caught me off stride," Tom explained.

The six-foot, 200 pounder played both football and baseball at Westmoor, and played football at San Mateo City College before he received an injury. But the injury has not bothered his baseball playing.

Tom affirms: "I think I have more of a future in baseball as a catcher, particularly with my football background. A catcher has quite a bit of body contact, and there's never a dull play."

"Johnny Roseborough of the Dodgers told me it's mostly a matter of experience and knowledge. I think if I'm going to make it, I should know in about four years."

"I think I have the tools. I like to think that. The reason they signed me was because of my arm and my football experience," Tom related.

The muscular young man disclosed his intention to go to college if he doesn't make pro ball.

"I definitely hope to go to college—maybe San Francisco State College—if I don't make it in pro baseball. It would be something to fall back on."

"I would like in that case to major in physical education and teach in this area," McHugh said.

Following winter baseball, Tom will report with the Reno club to spring training camp at Vero Beach, Florida, for the five-week training period, and then play the '62 campaign with Reno.

A more immediate action is slated this August 19 at Graham Field, Golden Gate Park, where his San Francisco All Stars will play the Los Angeles Dodger Rookies.

Tom lives with his parents, Mr. and Mrs. Thomas E. McHugh, 115 Vale avenue, Daly City.

The Department of Fish and Game predicts a big 1961 early deer season, opening August 5 and closing on September 24. The department affirms that "Deer are generally plentiful in all areas and are fairly well concentrated around watering places."

"Hot weather, forest area closures because of high fire hazard, and access to deer ranges on private lands will be the hunters' greatest problems," the report said.

Department spokesmen recommend hunters check at forestry stations for local closures and other restrictions due to the fire hazard throughout California.

The No. 2 Mr. Eliminator title will be at stake this Sunday at the Fremont Drag Strip, with the nation's second fastest dragster competing.

Wally Allred of San Francisco will drive his Cash Auto Special in a match against challenger Chuck "The Tiger" Gireth of Los Angeles.

The Southern Alameda County race strip also will feature top Northern California dragsters for a \$200 purse.

Time trials will commence at 9 a.m.; eliminations are scheduled for 1:30 p.m.

Admission is \$1.50 for adults, and children under 12 are admitted free. Fremont Drag Strip is located near the Grimmer boulevard exit of the Nimitz Freeway.

PAL Cards Take Orange Tourney Lead

Daly City's PAL Cardinals continued to lead the Orange Invitational League of South San Francisco with a pair of victories in recent loop play.

The Cards nipped Brentwood, 9-6, on Mike Miller and Sal DeLuca homeruns, and also trounced the Brisbane Aces, 12-2, as Ron LaRosa pitched a four-hitter and struck out eight.

Ron Smith had a double and triple while Nick Kosturos gathered three hits and stole seven bases for the Cards in the Brisbane game.

Commercial Salmon Season Is Extended

By an act of the Legislature the commercial salmon season along California's coast has been extended two weeks and will close this year on September 29. The new law will remain in effect until October 1, 1963.

The new closing date applies to both king and silver salmon.

Under the new law the commercial salmon season is from April 15 through September 29 in Fish and Game Districts 6, 7, 10, 11, 15, 16, 17, 18 and 19. Boundaries of the Districts are defined in the Fish and Game Code, but in general include the entire coast of California.

D & S Lumber, PAL Yanks, Texaco Win Rec Dept Crowns

D & S Lumber captured the Daly City Junior Baseball Championship with a 5-2 victory over the Daly City Drugs in a playoff contest.

In Westmoor Midget Division Action, the PAL Yankees took the crown but lost a final contest to the Holy Angels Lions, 8-3.

Hughes Texaco is the crowned champion of the Jefferson Midget Division with a 7-5 win over Parkmerced.

Daly City Druggists drew first blood against D & S Lumber in the bottom of the first when Denny Navarro singled and came home on an error.

But D & S Lumber wrapped up the game with consecutive scoring in the third and fifth innings.

Bill Waite and Ron Phillips got on via errors, and Joquene Andrade singled, driving in both runners in the third for D & S Lumber.

Arnold Ertola was hit by a Paul Howe pitch, forcing home Andrade with the third and winning run for the champions.

In the fifth, Dan Payette crashed a triple to score Waite and Phillips for the Lumbermen.

The Drugs closed the scoring when Barry Pathoff scored on Waite's fifth inning error.

Andrade's slow curve was the telling difference for D & S Lumber, limiting the Drugs to three singles. Coach Roger Duchic credited team captain Jerry Donovan as the team ex-

ample of hard work and good competition.

Westmoor Division (Midgets)
Holy Angel Lions ruined a perfect season for the PAL Yankees this week with an 8-3 victory, as Mike Gallagher of the Lions hurled a one hitter.

Gallagher, Alan Alcse, Larry Nannini and Mike Green accounted for 2 RBIs each. The only bright spot in the game for the Yankees was a three RBI double by Bechtol.

Despite the defeat the Yankees have taken the championship of the Westmoor Division with a 7-1 win-loss record.

Totos Midgets rallied to beat the BYA Blazers, 10-5 in a hard fought game, after the losers tied up the game in the 4th inning, 5-5. Shultz, Willey, Streeter and Cardella then took over blasting out singles to account for 5 RBIs and second place in the Westmoor Division. Totos finished the season with a 6 and 2 record.

Jefferson Division (Midgets)

Terry Senn of Hughes Texaco gave a real performance in his team's victory over Parkmerced. With a grand slam home-run that won the championship for his team. He also pitched three scoreless innings for the Hughes Texaco.

The PAL Redsox came up with second place in the Jefferson Division: In a playoff game on Saturday, they defeated the BYA Tigers, 9-4. Keith Stoller and John Gray had timely hits for the Redsox.

It's SPARE TIME

at Westlake Bowl

By JIM GREALISH

Steve Balich of the Portola Upholstery team is a good friend of P.A.L. and is always willing to help the boys, but he just can't see taking first place in the current Benefit Tournament. For this reason, he didn't register for the P.A.L. Tournament last Wednesday night, then proceeded to bowl games of 246, 243 and 188. Adding his handicap to this would have placed him in first place by almost 50 pins!

Sixteen members were on hand for last week's bowling class for the physically handicapped. Mrs. Miggs Jacobs and Instructor Dick Truesdell report that there has been a noted improvement in the scores in the three weeks the classes have been in session.

With weekly classes now held at 2 p.m. on Wednesdays, plans are being made to hold matches with physically handicapped groups from other areas. Anyone interested in this activity of the Physically Handicapped Indoor Sports Association may obtain further information by calling Mrs. Jacobs at MO 4-6783.

The Wednesday 10:30 a.m. Brunch Club has expanded due to the addition of many mothers and daughters. Since some of the more advanced members are moving into a beginners league, there are openings for those in the beginner stage. Dick Truesdell or Rick Dreier will be happy to accept any registrations.

Chris Christensen hit the 600 mark right on the nose Monday night. Bowling for the Skyline Plaza team, he bowled a 233 game to bring him to the magic number.

Fifty-eight future champions were on hand last Friday afternoon for the Bantam (8 to 12 years) Instruction Class. The more advanced members have now moved into a Friday afternoon bantam group which will bowl two games under league conditions each Friday with trophies being awarded to the winners. Meanwhile beginners

are still welcome in the free instruction group.

Next Sunday, July 30, marks the end of the First Annual Westlake Family Doubles Tournament. With trophies to be awarded in eight divisions of family combinations, it is expected that there will be a great many last-minute entries. There have been many changes in the leaders of the various classes during the course of the tournament with Norma and Angelo Baldelli and daughter Lee currently holding the lead in the Father and Daughter, Mother and Daughter and Husband and Wife divisions.

Westlake bowlers fared very well financially in the recently completed Regional Rolloffs at the Bowling Proprietors Association of America Team Handicap Tournament. With 14 teams from the western state including Hawaii, competing, only the top team qualifies for the National Rolloff in Burlington, Iowa. The next 31 teams in the standings share a total of \$8,855 in prize money.

Missing first place by a mere 35 pins, the Westlake Towing team of Boyd Hillyer, Bob Boffy, Ron McLain, Tom Franza and Jim Grealish, took the \$1,000 second place prize, while the tenth place prize of \$300 went to PAL No. 5 team from Westlake, composed of Chief Roland Petrocchi, Captain Roy Beecher, Rick Dreier, Clem Morales and Jack McNelly.

A third Westlake team, the Channel Inn, took 24th place for \$110, led by Darrell Tiller's 610 series. In addition to the \$1,000 prize, the Westlake Towing team received handsome trophies for winning the sectional rolloffs held at Westlake.

Primo Liberatori leads two teams from Westlake to Fresno next weekend to compete in the California State Men's Annual Bowling Tournament.

Happy birthdays last week were celebrated by Bonnie Rohr, Tom Sullivan, Larry Barlas and Bill Mulcrevy.

IT'S A FACT...ABOUT ERMA

WORLD'S FIRST ELECTRONIC BOOKKEEPER

YOU COULD WALK AROUND THE WORLD IN 23½ MINUTES!

That's if you could take steps as fast as ERMA! You see, ERMA needs only 32 millionths of a second for each step in processing checks. ERMA is Bank of America's revolutionary new Electronic Recording Method of Accounting. Here's how ERMA works: the numbers on each ERMA check are printed with a special magnetic ink containing microscopic specks of iron. When a check goes through ERMA's electronic "reader," each number is magnetized and sends out an electric impulse which is recorded by a computer. Even though a check may be folded or crumpled, ERMA reads it accurately, computes your statement in moments, without error. That's our ERMA—and she works for you only at Bank of America!

ERMA CHECKS

HER OWN ARITHMETIC!

ERMA not only prepares your statement in moments, but to make doubly sure there are no errors on it, ERMA checks all her own work afterward. Pioneered and developed by Bank of America, ERMA provides the fastest and most accurate service for handling checks in banking history!

ERMA KNOWS WHO YOU ARE—INSTANTLY!

As part of its ERMA system, Bank of America now gives all regular checking customers free personalized checks—your name and address printed on all your checks at no extra charge. Why not open your account today?
